

```
std::vector< CustomerOrder >
```

```
graph BT; OM[OrderManager] --> V[std::vector< CustomerOrder >];
```

A diagram illustrating a relationship between two components. At the bottom, a rectangular box contains the text "OrderManager". A vertical arrow points upwards from the center of this box to the center of a larger rectangular box above it. The top box contains the text "std::vector< CustomerOrder >".

OrderManager
